Manufacturer Provided Description

Designed by Daniel Andrieu, the Sun Fast 3600 benefits from the latest advances in vacuum-bagged resin infusion to ensure exceptional strength and rigidity while drastically reducing weight.

The lightweight, powerful hull with its hard chine, twin rudders and lead keel contributes to this new Sun Fast's speed, balance and stability on all tacks. Perfectly adapted to solo, doublehanded, and crewed regattas, the Sun Fast 3600 is designed to compete in both inshore and offshore races.

Available with twin, composite tillers or wheel steering and choices in mainsheet management, the deck layout ensures easy handling through well thought-out ergonomics and optimised sailing functions.

Inventory

Asymmetrical Spinnaker Running Rigging and Carbon Sprit

Racing Foil for Forestay

German Sheeting System with additional winches

Twin Wheel Steering

220V Shore Power + Battery Charger + Batteries 2 X 120A
